Goscor Power Products

Att : Pieter De La Rey

Dear Pieter,

We are pleased to inform you of our satisfaction with your RT70 Tamping Rammers. We have been owners of sixteen RT70's for the past year now and have encountered no problems as yet with exception of the normal maintenance that hire machines are subject too.

Being in the Industry we have yet to find a better value for money product. We will definitely purchase this product in the future when increasing our hire fleet.

Yours Faithfully

Steven B. Langston
