

Goscor Arc: Supplier of the Year

LEADING EQUIPMENT MANUFACTURING COMPANY, BELL EQUIPMENT, has announced that Goscor Arc Richards Bay is its Supplier of the Year in the Commodity category.

Rob Pirie, Goscor Arc MD, says that it is a meaningful tribute to his team to receive this accolade from one of South Africa's top companies.

"Bell is a world-renowned name in articulated dump trucks and its Richards Bay head office and factory is one of its premier

manufacturing facilities. I'm genuinely pleased that our team has managed to give Bell the service they deserve," says Pirie.

According to Bell Equipment Buyer, Melanie Robinson the Award was given based on Bell's "Quest for Gold" programme whereby suppliers are evaluated on a quarterly basis on: due date delivery, cost, flexibility and technical support. Depending on their scores they are given a rating of Gold, Silver, Bronze or Conditional.

The suppliers are split up into various categories – Commodity, Machinery, Raw Materials, Transport and Fabrication - with Goscor Arc falling into the Commodity category. Based on a very thorough points system Goscor Arc was rated overall Supplier of the Year in their category," says Robinson.

Goscor Arc KZN regional manager Shawn Pirie says that the key to his company's success with Bell is partnership. "We have a lot in common with Bell when it comes to forming partnerships between supplier and customer. It is fundamental to how they do business and to us too. I am extremely proud to have received this award," he says.

Goscor supplies Bell with welding wire, machines and maintenance and support. "They are more than the sum of the individual items they supply us," says Robinson. "They are very much part of our welding solution."
