

Cleaning equipment to rent

Opened only in 2008, Goscor Rental Company (GRC), part of diversified industrial group Goscor, has grown its cleaning division to more than 168 machines.

"One of the keys to our success is that we have focused on making short-term rental really easy for our customers," says GRC general manager, Greg Venter. "Whether it's for a day, a week or a month, we are geared up to deliver and collect quickly and efficiently and our customers know and appreciate that.

"Customers need to feel comfortable to rent these big machines with the minimum of hassle and I believe that we have succeeded in that," says Venter.

GRC sales executive for cleaning equipment, Manie Minie, adds, "Our sales and service team is specifically trained to

make short-term rental easy and our successes are testament to the fact that we are doing this right."

GRC offers mainly Tennant industrial cleaners which are well-known worldwide for their quality and durability. The machines available for rent include ride-on sweepers, scrubbers and road cleaners which can be used to clean roads, factory floors, parking lots and basements – and in a wide range of other applications.

GRC also offers Tennant's ground-breaking and eco-friendly ec-H2O™ technology,

which converts plain tap water into an effective cleaning agent. It is being heralded as a 'miracle cleaner', given the combination of its performance and its environmental friendliness.

In addition to its cleaning division, Goscor Rental Company provides forklift trucks on a contractual basis from its operations in Chloorkop in Kempton Park. All products and services are backed by the Goscor Group's nationwide parts and service network.
